INFORMATIONAL LETTER NO.1726-MC-FFS

DATE: October 5, 2016

TO: Iowa Medicaid Home- and Community-Based Services (HCBS) Waiver Providers, Targeted Case Managers, Integrated Health Homes (IHH), Department of Human Services (DHS) Service Workers, Supervisors and Service Area Managers

APPLIES TO: Managed Care (MC) and Fee-for-Service (FFS)

FROM: Iowa Department of Human Services (DHS), Iowa Medicaid Enterprise (IME)

RE: Managed Care Information available through the Individualized Services Information System (ISIS)

EFFECTIVE: Immediately

On September 29, 2016, the Managed Care Organization (MCO) member information contained in ISIS was revised to indicate the member's current month actual MCO or FFS enrollment. No longer will ISIS indicate a tentative MCO assignment or a future MCO enrollment. In addition, the name of the current MCO will no longer be displayed in ISIS.

Providers who need MCO enrollment information can work with the member to obtain that information, or can utilize one of the eligibility verification tools detailed below.

IME Eligibility Verification Tools

The IME offers two options for providers to confirm member eligibility, a web portal and telephone line. Both are available 24 hours a day, 7 days a week. The web portal allows for multiple or batch member eligibility verification over the one-at-a-time method when using the telephone line. Providers may also view and print the web portal eligibility information rather than taking notes from the automated voice through the telephone line. Directions for use of both options are detailed below:

Web Portal:

The IME is contracted with an electronic vendor, Electronic Data Interchange Support Services (EDISS) to allow eligibility verification. This portal is available to submit real-time requests for eligibility. Eligibility may be confirmed on the date of service or past dates. It is not available prospectively.

The login identification (ID) and password may be obtained through EDISS by submitting the [Access Request](#)¹ to EDISS or by calling EDISS at 1-800-967-7902. Access for multiple users is available.

Batch Eligibility Verification:

- The provider will need to register for a 270 batch eligibility transaction in [EDISS Connect](#)². After setup is complete for the 270 eligibility in the system, providers can use the same batch upload feature used for claims submission to transmit the files.

² <https://connect.edissweb.com/>

- A wide range of educational tools regarding Total Onboarding (TOB), along with electronic billing, is also available on the [EDI Support Services](#)³ website.

Eligibility Verification via Telephone Line:

- 515-323-9639 (locally in Des Moines)
- 1-800-338-7752 (toll-free)
- Call volume is generally highest at the beginning of each month.
